Training for Trainers Part II

**Analyzing Your
Training**

Presented by the

**Georgia
Association on
Young Children**

SO,WHAT IF ...

....you are a BFTS approved trainer and want to present intermediate level classes under the Georgia Child Care Training Approval System?

... you are a trainer, but want to help participants move from just understanding beginning level knowledge to applying it in their program?

... you want to analyze your training to improve your delivery and to help participants think more deeply about how to use their new knowledge and skills?

If any of these dilemmas apply to you, and you are an experienced trainer, Training For Trainers (TFT) Part II: Analyzing Your Training will assist you in preparing and delivering training to participants at the intermediate level in ECE, SAC or ADM competencies. TFT Part II will focus on in-depth examination of adult learning theory and how to motivate adults to move from basic

understanding/ knowledge of concepts to putting the concepts into mindful practice. TFT Part II will guide trainers to be responsive planners and thinkers. Trainers will experience the concept development process and be better prepared to pass that way of thinking on to the participants

who work with children.

**Facilitator: Dr Pat Minish,
GAYC Executive Director**
